

# CALFED BAY-DELTA PROGRAM

## Radio Alert Week of November 10

### MILESTONE LOOMS ON BAY-DELTA SOLUTION

#### WHAT:

The CALFED Bay-Delta Program is nearing a major milestone in its historic effort to address the environmental and water management problems associated with the Bay-Delta system. At the first of the year, CALFED will release its draft preferred alternative for a Bay-Delta solution. On November 12, the Program will host an open house public meeting at the Ramada Inn in Fresno to gain input from Central Valley communities.

#### WHY:

The decisions made over the next few months will impact every Californian. Communities in the Central Valley have specific concerns, including:

- How will the area's water supply and water quality be affected by upcoming decisions about the management of the Bay-Delta system?
- How will efforts to restore the Bay-Delta ecosystem impact constraints on exported water to farms and towns in the Central Valley?
- How can local residents express their ideas and concerns to Bay-Delta policy makers?

#### WHO:

**Laura King, San Luis & Delta-Mendota Water Authority**  
**Dan Fultz, Friant Water Users Association**

#### CONTACT:

To arrange an interview, please call Jill Esterbrooks at (619) 688-0054.
